START ENTER THE FIRST NUMBER,X ENTER THE SECOND NUMBER,Y ENTER THE THIRD NUMBER, Z THE SUM IS: X+Y+Z THE MULTIPLICATION IS: X.Y.Z THE AVARAGE IS: X+Y+Z

Solution sheet 1.0

problem description ask to enter three numbers and show the sum, multiplication and avarage

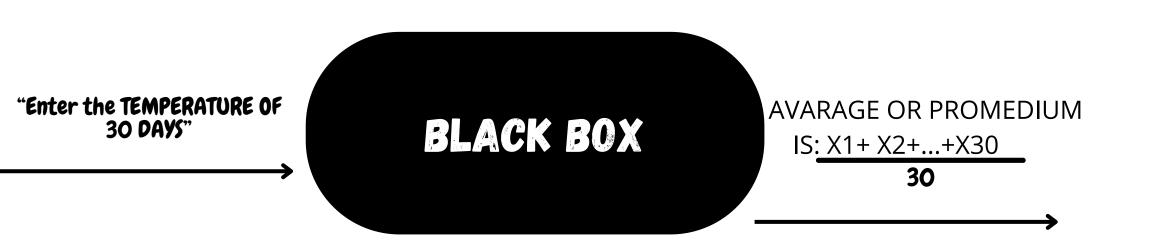

Size: Small Domain: Mathematics Complexity: Simple

Variables type: Decimal Python variables type: Float

END

Solution sheet 1.0

problem description ask to enter the temperature of 30 days

Variables type: Decimal

Python variables type: Float

Size: Small Domain: Mathematics Complexity: Simple
